

How to play: First read the list of words, then look at the puzzle. The words are in all directions - vertically, horizontally, diagonally, backward. Circle each letter of a word and strike it off the list. The letters are often used more than once, so do not cross them out. It is best to find the big words first. When you find all the words, you'll have a number of letters left over that spell the answer, "Who are the girls of Dundurn Castle?"
